Human Movement Science 4 (1985) 321–323
North-Holland

CONTENTS OF VOLUME 4

Amblard, B., *see* D. Rézette 297
Athènes, S., *see* C.L. MacKenzie 161
Ball, C.T. and D. Glencross, Developmental differences in a coincident timing task under speed and time constraints 1
Bard, C., M. Fleury and G. Ouellet, The effect on performance of hemispheric attentional load in function of two modalities of afference–efference 17
Bates, B.T., *see* K.M. Knutzen 55
Bird, A.M., *see* S.G. Doody 271
Bird, A.M., *see* D. Ross 149
Bishop, A., *see* A. Harrison 39
Buckholz, E., *see* C. Hall 107
Craske, B. and J.D. Craske, Muscular after-contraction reveals oscillator mechanisms in the human motor apparatus 249
Craske, J.D., *see* B. Craske 249
Denier van der Gon, J.J., *see* M.H. Vincken 307
Doody, S.G., A.M. Bird and D. Ross, The effect of auditory and visual models on acquisition of a timing task 271
Doody, S.G., *see* D. Ross 149
Editorial 247
Fishburne, G.J., R.B. Wilberg and I.M. Franks, Context effects in movement recognition 283
Fleury, M., *see* C. Bard 17
Franks, I.M., D. Weicker and D.G.E. Robertson, The kinematics, movement phasing and timing of a skilled action in response to varying conditions of uncertainty 91
Franks, I.M., *see* G.J. Fishburne 283
Frohlich, D.M., *Review of* R.A. Magill (ed.), Memory and control of action. Advances in psychology 87
Glencross, D., *see* C.T. Ball 1
Hall, C., J. Pongrac and E. Buckholz, The measurement of imagery ability 107
Hamill, J., *see* K.M. Knutzen 55
